HIM Interim Management

H.I.P.

Health Information Partners® (H.I.P.) is a premier health information management firm specializing in Coding Compliance Auditing, HIM Interim Management, RAC Denials / Appeals, ICD-10 training and Documentation Improvement Audits. Since 1994, we have been committed to professional excellence and look forward to providing a prompt response to your inquiries.

CODING COMPLIANCE AUDIT SERVICES

Health Information Partners® (H.I.P.) provides comprehensive coding, documentation, billing and reimbursement audit programs for hospital and physician clientele. Each audit includes a customized continuing education session for your staff, along with CE units. Our experienced and credentialed auditors will carefully review your medical records and supporting documents to assess the accuracy and validity of ICD-9-CM, CPT-4, Present on Admission (POA), Medical Necessity, Modifiers and Discharge Dispositions, along with physician and clinical documentation. We'll also identify and provide immediate corrective action on billing and reimbursement compliance issues.

H.I.P. will customize audits to fit your specific facility needs. Here are additional audits offered by H.I.P.:

- MS-DRG Coding, Billing & Reimbursement Audits
- APC Coding, Billing & Reimbursement Audits
- Interventional Radiology Audits
- RAC Defense Audits
- Clinical Documentation Improvement
- Coding Compliance Audits
 - Inpatient
 - Outpatient
 - Emergency Department
 - Physician
 - Physician E&M Review
 - Observation Level of Care

CODING BACKLOG REDUCTION

H.I.P. remote coding solutions offer a secure and cost-effective alternative to paying high travel coder expenses. With a phone call, we can mobilize 500 IP, OP and professional fee coders with immediate availability and proven quality / production speed.

You'll get:

- 24-48 Hour Turnaround by Proficient Coders Residing in the USA
- Excellent Coding Accuracy (monitored by HIP management)
- Excellent Hourly Production (monitored by HIP management)
- 24/7 I.T. Support

Our coders receive frequent and ongoing:

- Technology Updates
- Encoder Usage Updates
- ICD-9 & CPT & E&M & ICD-10 Updates
- Coding Clinic Updates

ICD-10 CODER TRAINING

Are you ready for ICD-10 ?

- HIP will place a certified ICD-10 trainer in your facility six months prior to the go-live date. Your coders can relax knowing HIP's on-site "10" trainers will make this transition effortless.
- Call 866-622-8300 to schedule a private conference call.

committed to professional excellence

H.I.P. staff members are exceptional. Here are two recent client statements:

“I recently accepted a promotion to Coding Compliance Director at a large health system based in Nashville, TN. Within the first month I experienced four staff vacancies which caused me to fall behind on my quarterly compliance audit schedule. (I can’t do it all myself!) Our CFO suggested a call to Joe Farris at H.I.P. Three days later, their auditors were on-site conducting Interventional Radiology and RAC Assessment Audits. I appreciated the quick response, but more importantly, their auditors were awesome! (and our Coders loved the Krispy Kreme doughnuts!) With their help, we’re now back on schedule, and I can focus on hiring new staff. Thanks H.I.P.!” ~ M.H.

“The HIM Director assigned by H.I.P. to our facility was outstanding. She identified the root cause behind several recurring billing errors which resulted in a DNFB reduction of \$3,000,000 during her first month. Our CFO was equally pleased with her work. Thank you H.I.P.” ~ C.B. Director, Revenue Cycle Management
